

Hi Everyone:

On the following pages are three sample sets (wall and post mounts) of fixtures that we're looking at for the lighting replacement project. We would like your input as to your preferred style. We've estimated the total cost for each set, keeping in mind we are required to get bids for each set from three vendors, so the actual costs may vary somewhat.

Set #1 - Colonial: \$8,000

Set #2 - Modern, Simple: \$19,600

Set #3 - Modern with Curved Design: \$22,100

Keep in mind that, if we are awarded the grant, the county will match our costs up to \$10,000.

Please email to me your preference by Wednesday, the 21st, 6:00 pm latest. The Board has the final decision, which we'll be making at the meeting on Thursday, June 22. Your input is important to us all.

Thank you everyone for your participation in this important project.
