Pine Run Association Treasurer Report December 20, 2019 Owen Hodge

In this meeting, the board will vote on whether to approve special assessments for Sections 1 and 3. In the past three years roofs have been replaced on 9 out of 17 Pine Run residential buildings. It is the intention of this board to complete the replacement of all Pine Run roofs by the end of 2022. The special assessments are contributions to the cost of roof replacement, building restoration work, and paint for the Pine Run multi-year roof and restoration project.

# Proposed 2020 Special Assessments:

Section 1 \$98,000 in 6 monthly payments.

	Per month	6 month total
1 bedroom/A	\$164.97	\$989.82
1 Bedroom/B	\$205.80	\$1234.80
Townhouse	\$236.83	\$1420.98
2 Bedroom/Up	\$267.05	\$1602.30
2 Bedroom/Down	\$267.87	\$ 1607.22
3 Bedroom	\$300.53	\$1803.18

### Section 3 \$52,000 in 6 monthly payments.

Per Month	6 Month Total
\$160.60	\$963.60
\$207.63	\$1245.78
\$228.36	\$1370.16
	\$160.60 \$207.63

Here is the schedule for the remaining work.

2020: Buildings D,6, and A in that order beginning in February.

2021 Buildings 4,F, and 8.

2022 Buildings E and 5.

We have binding estimates for all of the 2020 work. We should obtain estimates for buildings 4,5,8,E and F in the coming month or so to make sure our projections are as accurate as possible. I think the contracted work with Maine Frame, Tioli and Mike Glancy Painting has been very reliable. It seems to me a good idea to tie them into three more years when we can use their services.

Looking ahead at the expenses for this project, and to be as open as possible about what to expect, it is clear to me that completion by the end of 2022 will require one more special assessment in 2021 for sections 1 and 3. I would estimate the amount for each of these special assessments at \$50,000.

### **Secretary's Report for**

## **Board of Directors Meeting**

### December 20, 2019

Three sales have occurred since our last Board meeting on November 18, 2019; sales have numbered 19 since the beginning of the year compared to 17 sales for all of last year (2018), so they are nearly on a equal basis.

There have been seven new leases approved since the last Board meeting. It is important to note that 6 owners have rented more than once this calendar year. Statistics have been clarified to reflect this.

#### Conclusions:

- 1. Sales are about the same pace as last year.
- 2. Leases are 2 more than last year. What we need to watch is the percentage of leases compared to owner occupied only.

MERRY CHRISTMAS AND A VERY HEALTHY, PROSPEROUS, AND PEACEFUL NEW YEAR TO ALL!

#### Maintenance Report 12/20/2019

AGMs	
302	repair to ceiling due to plumbing leak
132	Flooring replacement which will have proper sound barrier
209	Replacement of screen door with storm door with retractable screen.
103	Replacement of A/C unit
303	Owen will bring the AGM
222	Remodeling done by Maine Frame. No red flags concerning structure
353	We previously approved a modification of his Lanai. He has down sized the modification that
	eliminates some of the construction and makes what we approved even less noticeable.

I can report that the roofing project on building "C" is completed. It was done efficiently and our crew report that it is quality work. It's a good thing because it wasn't quiet work.

We are seriously considering speed bumps. The incidence of people driving well above our speed limit has accelerated. Bicyclists are particularly at risk. Also, residents who are taking the left turn at the entrance to get to the three and seven hundreds need to be very careful when crossing in front of the stop sign at the exit of the one and two hundreds. The sign is ignored more than observed. That may be a prime location for one of the bumps. The bumps will be portable with a chain running through them. That will give us location options.

#### PRESIDENT'S REPORT

All owners are reminded that our Annual Owners' Meeting and Election is scheduled for February 4<sup>th</sup> at 7:00 pm. Those who are willing to serve on the Board of Directors must submit the required paperwork by December 26<sup>th</sup>. It is important that we have volunteers to fill these positions.

Karen Stone and I attended a seminar for board members on background searches. It was very informative regarding the plusses and pitfalls of conducting searches on potential residents. We do not recommend that our board start requiring them at this point in time. We did receive a suggested disclaimer for board candidates to sign, which we believe would be a good addition to our procedures for new board members.

Our progress on moving the fence has come to a halt due to an FPL electric meter which is right near the property line. Our maintenance staff does not want to dig in the area without knowing if there are live wires connected to it. We are awaiting the locator service to mark the wires.

The new recycling program goes into effect the week of Jan. 6<sup>th</sup>. It will no longer be necessary to separate paper from cans and bottles. Neither plastic bags nor Styrofoam go into the recycling bins.

We have an agreement with TECO to install a gas meter for the fire pit and grill in the recreation area. They will schedule as soon as payment is received.

We received a report from Hoskins that the excessive vegetation around buildings is providing a perfect environment for rodents. John Heyrman, our landscaper, has been told that he needs to increase trimming around buildings. Residents also must be vigilant about trimming plants in limited common elements. Failure to do so results in rodents and termites which are major headaches for residents and create an unnecessary expense for the Association.

I think it is time to investigate speed bumps to deal with the chronic problem of excessive speed. Both residents and contractors/delivery people are to blame.

I received an inquiry regarding the trimming of the palm trees. They are overdue. They were last trimmed the summer of 2016 by Jim Bear. They were scheduled to be trimmed in 2018, but we had to remove all the Austrian pines, leaving no money for palm trimming. They were again scheduled to be trimmed in 2019, only to be delayed again due to the drainage expense. We will do them early in 2020 so that the money isn't diverted once again. We also need to address the falling bamboo on the northern border early in 2020.

I have one AGM to present for Unit 112.

Members of the Board will be meeting with the maintenance staff individually next week for year-end evaluations. Determination of budgeted payroll increases will be made at that time.

Happy holidays and best wishes for the new year.
